

How Many Blocks?

Touch each block as you count. How many blocks are there altogether?

1. How many blocks are there?

2. This tray is empty. How many blocks are in it?

Put Two Groups Together

Look at both groups. How many blocks are there when the groups are put together?

1. 2 blocks and 1 more block make how many blocks altogether?

Add Within 5

Look at the two groups of dots, then complete the number sentence.

$$\square\square + \square\square$$

1. What is $2 + 2$?

Add Within 10

Look at the two groups of wooden pegs and find the total.

1. What is $6 + 4$?

Take Some Away

Look at what was moved away, then count what is still left.

1. There were 5 toy tools. 2 were put in the box. How many are left?

Subtract Within 5

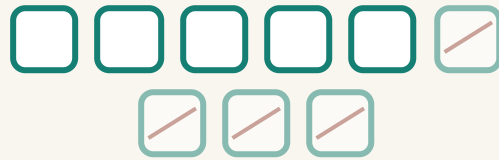

Look at the dot that was taken away, then complete the number sentence.

1. What is $4 - 1$?

Subtract Within 10

Look at the wooden pieces that were moved away. How many are left?

1. What is $9 - 4$?

Addition and Subtraction Stories

Read one story at a time, look at the picture, and answer the question.

Jack has 2 boards. Uncle Yak brings him 3 more boards.

$$\square\square + \square\square\square$$

1. How many boards does Jack have now?

There are 6 wooden pegs. Jack takes 2 pegs to use.

2. How many wooden pegs are left?
